JOB DESCRIPTION:

The Richmond County District Attorney's Office (RCDA) is seeking two (2) highly motivated and innovative programmers. The programmers will work in a team-based environment with technical team members to design and maintain .NET applications, Microsoft SQL Server databases, BI dashboards, and reporting tools.

Additional responsibilities include, but are not limited to the following:

- Level 1-3 application support using C#, VB.NET, and ASP.NET and participate in data normalization projects.
- Participate in all phases of application development life cycle.
- Document existing and new applications; using written documentation, flowcharts, sequence diagrams, and user guides to detail the function of each application.
- Provide ad-hoc reporting to management

PREFERRED SKILLS:

Preference will be given to the candidate who has two (2) or more years hands on experience in .NET Web application development utilizing C#, VB.NET, ASP.NET, and .NET Framework 4.0+. In addition, the preferred candidate should demonstrate:

- Strong familiarity with CSS, HTML, JavaScript, JQuery, and SSRS.
- In-depth experience with relational databases and Transact-SQL.
- Knowledge of Microsoft SharePoint 2013 design and development.
- Strong knowledge of Microsoft Office productivity programs such as Excel, Word, Access, and Outlook.
- Strong verbal, writing, and presentation skills and the ability to present technical ideas to non-technical audiences.
- Strong qualitative and quantitative analytical skills.
- Strong attention to detail

QUALIFICATION REQUIREMENTS:

1. A baccalaureate degree from an accredited college, including or supplemented by twenty-four (24) semester credits in computer science or a related computer field; or
2. A four year high school diploma or its educational equivalent plus (3) years of satisfactory fulltime computer programming experience; or
3. A satisfactory combination of education and experience that is equivalent to (1) or (2) above. College education may be substituted for up to one year of the experience required in (2) above on the basis that sixty (60) semester credits from an accredited college is equated to one year of experience. In addition, twenty-four (24) credits from an accredited college or graduate school in computer science or a related computer field, or a certificate of at least 625 hours in computer programming from an accredited technical school (post high school) may be substituted for one year of experience. However, all candidates who attempt to qualify under option (3) must have at least a four year high school diploma or its educational equivalent and at least (1) year of satisfactory full-time computer programming experience.

Some examples of unacceptable experience are: End users of a computer system, program or software package; experience in the areas of end user computer technical support, computer operations, data entry/data retrieval, quality assurance (QA); end user hardware installation; end user help desk; teaching, telecommunications, experience in Microsoft Office Suite/Back Office products.
